

Weekly announcements and environmental review notices

Volume 47, Number 33

August 15, 2023

#### **Announcements**

#### **Environmental Quality Board meeting**

Wednesday, August 16, 1 – 4 p.m.

Join us virtually for the August, 2023 Environmental Quality Board meeting. At this meeting, the board will hear an overview of EQB staff workplan for FY24. The board will also hear the planned process to update the 2018-2023 strategic plan. More information about the meeting, including the meeting packet and virtual meeting information, can be found on the board meeting webpage.

## **Environmental review project notices**

EQB publishes environmental review notices provided by responsible governmental units. For more information on a project undergoing environmental review, click on the individual project links below. You can also find information about active projects in your community on the Environmental Review Projects Interactive Map.

#### **Commercial Storage Shed Project**

Location (city/township; county): Brainerd; Crow Wing

**Process:** EAW

**Step:** EIS need decision

Responsible governmental unit decision: Negative (EIS not ordered)
Responsible governmental unit record of decision date: August 3, 2023

**Project description:** The proposed project includes 71 cold storage units with concrete driveways off of a gravel driving path on a 16.56-acre site. A clubhouse with a restroom

and wash bay will also be included on site. Three catchment basins would be constructed for stormwater retention.

**Location of public documents:** Crow Wing County Land Services, 322 Laurel

Street, Brainerd, MN 56401

Responsible governmental unit and contact: Crow Wing County Land Services,

<u>Chris Pence</u>, 218-824-1010

#### **Fountain Lake Habitat Restoration**

Location (city/township; county): Albert Lea; Freeborn

**Process:** EAW

**Step:** EIS need decision

Responsible governmental unit decision: Negative (EIS not ordered)
Responsible governmental unit record of decision date: August 8, 2023

**Project description:** The Shell Rock River Watershed District is proposing construction of a fish habitat restoration project within Fountain Lake in Albert Lea, MN. Project work includes constructing rock reefs, brush reef cribs, spawning areas, and a toe-wood bank stabilization to enhance and restore fish habitat to approximately 7.5 acres of the lake following dredging of the lake.
