EQB Environmental Review Survey

Starting July 1, 2016, the Environmental Quality Board (EQB) will be distributing online surveys to responsible governmental units (RGU) upon completion of the environmental review process. RGUs that have completed environmental review since the beginning of 2016 will also be invited to complete the environmental review survey. This ongoing survey will replace the year end survey distributed in 2015. Survey responses will be used to assess our customer service and identify opportunities to improve the EQB Environmental Review Program.

Environmental Assessment Worksheet

The following EAW has a comment deadline of July 20, 2016

Project Title: Howard's Point Multiple Dock and Mooring Area License

Project Description: The Lake Minnetonka Conservation District (LMCD) has received a new multiple dock and mooring area license application from Howard's Point Marina. The proposal is to reconfigure and reconstruct the existing seasonal multiple dock utilizing LMCD Ordinance 217 for Qualified Commercial Marinas. Howard's Point Marina is located on South Upper Lake at 5400 Howard's Point Road, Shorewood, MN 55331.

Responsible Governmental Unit (RGU): Lake Minnetonka Conservation District
