### Alternative Urban Areawide Review Updates

## Project Title: City of Woodbury - 2019 Update - Northeast Area Alternative Urban Areawide Review (AUAR)

**Comment Deadline:** March 25, 2019

**Project Description:** The City of Woodbury has prepared an AUAR update for the Northeast Area (Study Area). This Study Area is approximately 580 acres of contiguous, mostly undeveloped land and is located along Interstate 94, a major transportation corridor. The study area is bordered by I-94 on the north and Manning Avenue on the east with development to the west and south. The City originally adopted the Northeast AUAR in February 2009. An update was completed in 2014. No development has occurred in the study area. Pursuant to Minnesota Rules 4410.3610 Subp. 7, for the AUAR to remain valid as the environmental review document for the area, the document needs to be updated every five years until all development in the study area has received approval. The purpose of this document is to update the AUAR pursuant to Minnesota Rules.
