Announcements

Share your ideas for enhancing Minnesota's Environmental Review Program

We are developing a new process for identifying and prioritizing Environmental Review Program improvement initiatives and we want to hear from you. Visit our <u>engagement</u> <u>platform</u> to share your ideas for program improvement and learn more about our continuous improvement effort. The online forum closes Friday, February 17.

Draft Minnesota pollinator action framework open for public feedback

The first <u>draft of the Minnesota pollinator action</u> <u>framework</u> was released on December 1, 2022. We opened a second round of public engagement to gather feedback on the action framework. Visit our <u>online platform</u> to share your feedback and ideas to help pollinators. The platform will be open until Wednesday, March 15.

MINNESOTA

REQUIRED PUBLIC NOTICES

General notices

North Metro Highway 169 Corridor Multimodal Study

Location: Golden Valley, Plymouth, Maple Grove, New Hope, Osseo and Brooklyn Park, Hennepin County

Notice description: MnDOT, in coordination with FHWA, is notifying your agency about a new planning study on Highway 169 in Hennepin County. The planning study will be in accordance with Title 23 CFR 450.212 and 450.318 (Planning and Environmental Linkages (PEL) process regulations) which provide the opportunity to incorporate planning efforts into NEPA documents. Northern bounds: 101 St Ave N interchange in Brooklyn Park. Southern bounds: Highway 55 interchange in Plymouth/Golden Valley The corridor was prioritized to be studied due to safety, congestion, and multimodal issues acting as a barrier to networks that support biking and walking. This study examines a range of alternatives that address freeway operations and other identified problems. The study will include the development of the purpose and need statement and identification and evaluation of potential design concepts, with the elimination of unreasonable alternatives.
