Registration open for participation in Climate Change and Environmental Review Pilot Program

EQB is seeking local responsible governmental units (RGUs) and consultants interested in participating in a pilot program that will assess the efficiency and effectiveness of climate information by testing a draft revised Environmental Assessment Worksheet. Participants will benefit from shared learning as well as training provided by technical experts.

Registration is open to all RGUs and consultants, regardless of whether you are actively reviewing a project. This cohort-based program will begin in early 2022. [Register now!](#)

If you are not eligible to register, but would like to receive updates about the Pilot Program, please [sign-up here](#).

Environmental review notices

Environmental review project notices

EQB publishes environmental review notices provided by responsible governmental units. For more information on a project undergoing environmental review, click on the individual project links below. You can also find information about active projects in your community on the [Environmental Review Projects Interactive Map](#).
