## EQB Announcements

### EQB seeking feedback on Minnesota Rules 4410

EQB staff review Minnesota Rules 4410 and report to the Legislature annually about rules that are obsolete, unnecessary, or duplicative of other federal or state statutes or rules.

EQB is holding a 30-day comment period, from September 27 to October 27, 2022, and asking for your feedback to help identify the obsolete, unnecessary, or duplicative rules, and explain the need for change. Fill out this [short survey](#) to provide your feedback.

### Just launched by the Minnesota Department of Natural Resources!

The **Minnesota Conservation Explorer** is a tool to enhance the delivery of Minnesota's Natural Heritage Data and to automate the Natural Heritage Review process. This is a tool for the public to view and create maps of Natural Heritage Data for the purpose of conservation planning. Users can also submit a proposed project and request an automated assessment of potential impacts to Minnesota's rare features.
