

# EQB Monitor

Weekly announcements and environmental review notices

Volume 46, Number 37

September 13, 2022

## EQB Announcements

**Join us for the September Environmental Quality Board meeting  
Wednesday, September 21, 1 – 4 p.m.**

Join EQB for our regular board meeting. More information about the meeting can be found on the [board meeting webpage](#).

## Required public notices

### Environmental review project notices

EQB publishes environmental review notices provided by responsible governmental units. For more information on a project undergoing environmental review, click on the individual project links below. You can also find information about active projects in your community on the [Environmental Review Projects Interactive Map](#).

We need your feedback: Some governmental units are completing environmental review using the draft revised Environmental Assessment Worksheet (EAW) form that includes information about greenhouse gases and climate change. These reviews are noted below with a star (\*) in front of the project title. Help us understand the usefulness of the climate change information in these EAWs by completing a brief survey. Your feedback is important to the Environmental Quality Board and will inform decision making on the final EAW form.
